About Us

SOPEX HITECH SERVICES LTD is a leading flexible/packaging/manufacturing and industrial company. It was incorporated in 2006, specifically to operate as a technical, engineering and consultancy services company. As a result of its drive, integrity and performance, it incorporated packaging solutions and has over the years built an infrastructure located in Isolo, with standard machines imported overseas. We currently have three branches; two in Lagos and the other in Aba, Abia State.

Sopex Hitech Services Ltd is a prominent packaging company with extensive knowledge and experience in packaging

solutions. We specialize in flexible packaging films, laminates in rolls and pouches, stand up pouches and zipper pouch, gusset pouches, printed and unprinted PVC labels for food, pharmaceutical laundry, personal care companies and other segments of the FCMG Industry. Our operations are anchored by our vision that propel to be a reference in every product and services we offer and our mission statement that will make us to be the dominant provider of packaging materials that are accessible in every market.

Our products and services meet international standard and we maintain excellent service delivery, as well as after sales services to our clients.

OUR VISION
